

Careers In Construction NW

Shaping Tomorrow's Workforce

Careers in Construction Core Purpose: Work with local schools to increase student participation, advance facilities, curriculum, and networking so that students can obtain quality jobs in the building industry upon graduation.

Support the Future of Skilled Trades

More Ways to Give (Beyond a Cash Donation)

Looking for a meaningful experience while supporting a great cause? We offer a few unique ways to contribute:

Support CICNW While You Fish!

Book your trip now for spring Chinook fishing, 100% of the proceeds go to Careers In Construction NW.

Enjoy a full-day guided fishing experience for up to four people for \$500. A perfect outing that directly supports our mission.

Reach out to Jon Girod directly to book: 360-907-5800 Jon@quailhomes.com

Your Impact

All proceeds from direct donations, fishing trips, and vacation rentals go straight to supporting Careers in Construction NW. Our continued growth across Southwest Washington and now into Oregon has created an exciting opportunity — and a growing need — for additional funding.

Your support helps us:

- Expand our programs to reach more students.
- Create hands-on learning opportunities in skilled trades.
- Open doors to meaningful, long-term careers for the next generation.

Every contribution, big or small, helps us build futures — one student at a time.

Youth Contractor's Forum

The 2026 Youth Contractors Forum, hosted by the Southwest Washington Contractors Association (SWCA), was a success with 100 students in attendance. Students

connected with industry employers, explored career paths, and learned about current job opportunities.

Thank you Sherrie and the SWCA team for hosting another successful event for the students!

SCHOOL BUILT SHEDS

Kalama High School CTE instructor Cory is excited to introduce his students to the BFS ReadyFrame shed system this spring. Pictured in front of their ReadyFrame shed delivery, Cory is looking forward to learning the system alongside his students as they gain real, hands-on construction experience.

This project gives students the opportunity to work with industry-grade materials, understand framing systems, and build practical skills that translate directly to careers in construction.

Programs like this are made possible through community support — including fundraisers like our Spring Chinook fishing trips. When you book a trip, you're helping put real tools and real training into students' hands.

Recent Toolbox Events at Felida Elementary and Eisenhower Elementary, giving students hands-on exposure to tools, materials, and careers in construction.

For many, it was their first introduction to the trades — and the excitement was undeniable. Experiences like these help spark interest early and build the future workforce our industry needs.

Facilities

LC | DUAL CREDIT

Please take a moment to watch this short video highlighting the many Dual Credit options available to students at La Center High School.

BUILDING OPPORTUNITY

TRADES
TUESDAY

Have you seen our Trades Tuesday Store?

Launched in May 2025, this program celebrates careers in the trades while helping support our students. 10% of all profits go directly back to CICNW, funding programs and building projects that give students hands-on experience and tools for success.

Shop now, show your support, and help us build the next generation of skilled tradespeople!
